Fertility Forward®

Pro Directions For Use SHAKE WELL!

Tank Mixing: Apply at a minimum rate of 6 ounces per 1,000 sq. ft. and a maximum rate of 9 ounces per 1,000 sq. ft. Dilute with enough liquid to cover 1 acre. Do not apply with less than 7:1 dilution with water. Apply in spring or fall; however, liquid aeration can be done anytime during the growing season. Product is safe for use on all turf types and ornamental plants.

Product is intended to be used as an additive to current fertilizer program.
The mixed product should be agitated prior to and during application.

MIXING WITH FERTILIZERS: N-Ext AIR-8™ can be mixed with liquid fertilizers.
Apply in this order: 1) Water, 2) N-Ext AIR-8™, 3) Water Soluble or Liquid Fertilizer.

Mixing with Pesticide, Herbicide or Fungicide: N-Ext AIR-8™ can be mixed with pesticides, herbicides and fungicides and applied. We recommend the following: Use the product within 24 hours of mixing products (especially with fungicides).

Storage: Store in a cool dry place away from direct sunlight. Product will store for 2 years under warehouse conditions.

Compatibility: These concentrated materials are compatible with most fertilizers and chemicals but should not be mixed directly with other chemicals. Conduct a jar test as needed to ensure compatibility before tank mixing. Mix in spray tanks with water and proper agitation. Apply in accordance with best management practices (BMP's) established by your Cooperative Extension Service. Observe any State or Local fertilizer application regulations.

Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden, and sweep any product that lands on the driveway, sidewalk, or street back onto your lawn/garden.

Caution: Apply only to turf, plants, and soil. If plants are flowering, apply to base of the plant to avoid staining of blooms. This product may stain concrete, wood and other pervious and impervious surfaces.

Keep out of reach of children. If product comes in contact with skin or eyes flush with water immediately.
