

Brandt Parco-Root XL

Features

- Contains bio-stimulants and wetting agents
- Contains high quality micronutrients
- Contains humates and amino acids

BRANDT PARCO-ROOT XL is a special formulation of natural biostimulants and essential micronutrients containing solubilized forms of essential amino acids, vitamins, humic matter, chelating agents and wetting agents. BRANDT PARCO-ROOT XL is designed to promote healthy root and cell wall development, ultimately leading to a more attractive yet stronger, more durable turf, able to sustain heavy wear and tear. BRANDT PARCO-ROOT XL is uniquely absorbed with a highly concentrated blend of plant biostimulants, micronutrients, humates and wetting agents.

Application Recommendations

BRANDT PARCO-ROOT XL is recommended for use as a component in a balanced fertility program for all turf grasses. This product may also be used with foliar applied pesticides. Read and follow pesticide label directions.

Foliar Application

Use 2-4 oz. BRANDT PARCO-ROOT XL per 1,000 sq. ft. of turf, or approximately 1 gal. per acre per month throughout the growing season, or at half rate when used in an ongoing maintenance program.

Soil Application

Use 4-6 oz. BRANDT PARCO-ROOT XL per 1,000 sq. ft. as a pre-plant application.

Use a minimum of 1 gallon water per 1,000 square feet with ground spray equipment. The use of an adjuvant may be desired to improve the properties of spray solution. Performing trials with adjuvants may be useful in determining the best inclusion rates for optimal performance. Optimum rate of application will vary depending on your soil properties such as soil pH, organic matter content and soil texture, weather conditions, time of year and general turf health and species. For best results, follow soil test or plant analysis recommendation.

Guaranteed Analysis

Soluble Iron (Fe) chelated	3.50%
Soluble Zinc (Zn)	0.75%
Manganese (Mn)	0.75%
0.75% Soluble Manganese	
Magnesium (Mg)	1.50%
1.50% Soluble Magnesium	
Boron (B)	0.16%
Molybdenum (Mo)	0.003%
Combined Sulfur (S)	4.00%
Chlorine, not more than	0.80%

Derived from Ferric Ammonium Ethylenediamine Tetra-Acetic Acid, Zinc Sulfate, Manganese Sulfate, Magnesium Sulfate, Sodium Tetraborate, Sodium Molybdate and Ferrous Sulfate.

Mixing Instructions

Put 1/3 of water in tank. Add other chemicals, if any. Fill tank with balance of water and/or fertilizer and agitate. Add correct amount of BRANDT PARCO-ROOT XL. Agitate adequately to mix.

Caution: Check compatibility first before tank mixing with other chemicals.
